REMARKS: (General description of what you saw) (use back if necessary)

It was something very beautiful, I've never expect to see anything so nice. I've never believed I could see anything like it.

They had an Obligee shape, sideways.

From the bottom, they were round.

From 12 to 20 aircrafts in various colors.

See drawings attached.

Dear Sr. [REDACTED]

We are in receipt of your letter and sketches of 14 December 1957 regarding certain many-colored unidentified aerial objects which you observed near the Mexico City airport.

Although we have received no reports or notice of anything unusual from the radar, flight, or military units in the area at that time, your report shall be given attention as part of our continuous study in this field.

Attached please find Department of Defense material on the subject of unidentified flying objects.

Your reporting of the incident and your interest in this matter is appreciated.

Sincerely,

ROBERT E. O'CONNOR
Captain, USAF

They were in very bright colors.
Like if they had in side lights -
One thing I know They are suppose
to be 80 Motors in Dia. ft.

You can imagine the altitude.
no bigger no smaller, just the right size.

(straight up from tower.)

IN '43-44 they gathered &
disappear in one second. I can see
how, but they did.

Note right over
August 1944 - yet
we have received
no report - official
or from the press,
or the incident.

Dear Sir.

Dec 14-52

Once I'd heard that if we ever saw
any "flying Sorcerers" or any thing that look like a
"flying Disk" I was a witness to it. or am.

It happened in the AirPort of Mexico City this
Dec 13-1952 at 0740 to 0955 A.M.

But if you want the names of all who saw it I'll
get them. I made several copies of it. & that's
what we really saw.

I never believed in flying Disks
until I saw one but now I've seen
15 to 20 flying Disks in one time & I just can't believe
what I saw! but I'm not the only one. See we are
merely a ~~man~~ though the Mexican Air Force saw it.
(believe it or not.)
